ORIGIN

THE STORE THAT WAS TO BECOME DIPLOMAT

opened as “Ideal Pharmacy” in Flint, Michigan, in 1973. It was the fourth store in a small chain owned in part by Dale Hagerman, RPh. When Dale’s son, Phil, graduated from college in 1975, Dale traded in his stock to buy the store, and the specialty pharmacy was born. The father-son team founded the company on a simple tenet: “Take good care of patients and the rest falls into place.” Today, that tradition continues—always focused on improving patient care and clinical adherence.

Today, Phil continues to drive Diplomat forward as our chief executive officer and chairman of the board of directors—building an exceptional reputation for developing innovative, patient-centric programs that optimize therapy management along the way.
