

From our 1975 beginnings as a retail pharmacy, Diplomat has grown with purpose—knowing where patients need an advocate and the industry needs a leader. Diplomat is the premier healthcare services company rooted in specialty pharmacy.

FAST FACTS

- Year founded: 1975
- Employees: 2,400+
- Headquarters: Flint, Michigan
- States operating: 50
- Prescriptions dispensed (2017): 910,000
- Revenue (2017): \$4.5 billion

WHAT IS SPECIALTY PHARMACY?

Specialty pharmacies provide treatment and intensive support for people with serious—and often chronic—health conditions. These pharmacies are equipped to handle medications with complex requirements around authorization, handling, administration, and more. Specialty pharmacies typically provide services including:

- Access to an on-call pharmacist 24/7
- High-touch clinical care and education on side-effect management
- Patient monitoring and refill reminders to promote medication adherence
- Financial assistance programs to minimize out-of-pocket expense

TODAY, OUR BRANDS HARNESS INNOVATION TO CREATE A HEALTHIER WORLD.

Specialty medications require a special kind of pharmacy. Diplomat Specialty Pharmacy and Diplomat Specialty Infusion Group have a longstanding history of exceptional care, helping patients across the country face complex conditions. Our human approach delivers next-level results.

A full-service healthcare solutions company, EnvoyHealth harnesses innovation and technology to deliver tailored solutions for healthcare innovators. We help our partners improve lives.

Most benefit managers were built to address yesterday's drug trends. CastiaRx is built for the future. Fortifying synergies between Diplomat's benefit-management assets with unparalleled specialty-pharmacy expertise, we manage specialty healthcare across the benefit spectrum.
